We, your constituents, over three quarters of all US voters, have asked you repeatedly to do your job to stop the national plague of gun violence. More than fifty percent of gun owners want stricter gun laws. But, you and the Republican party continually fail to enact legislation that would prevent mass shootings and the enumerable other deaths from gun violence that occur every single day, especially in our inner cities. Instead, you bow to the NRA. We demand that you stop being bought by the gun lobby. **If you don't listen to us, you must listen to our youth who are speaking out of fear for their lives. Or, you will be voted out.**
